This 60 minute relaxing facial is the perfect combination of relaxation and results. The Parrish Signature Facial begins with a full skin analysis, aromatherapy, steam, vapor and warm towels. Next a gentle exfoliate is applied to the face and neck to remove dead skin cells from the surface layer. Extractions will then be performed as needed to remove impurities and compactions from the pores. Also included is a relaxing neck, shoulder and facial massage. The treatment finishes with application of a moisturizer and sunscreen. **\$70**

ANTI-AGING Facial

The Anti-Aging Facial is an extended version of the Parrish Signature Facial with an emphasis on correcting and preventing the signs of aging. 80 minutes of pure relaxation starting with a full skin analysis, aromatherapy, steam, vapor and hot towels. An enzyme exfoliating masque is applied to rid the skin of dead skin cells on the surface layer. Extractions will be performed as needed to remove impurities from the pores. A customized collagen masque will be selected for your skin needs and applied to the face and neck. Powerful antioxidants help to reduce the appearance of fine lines and wrinkles, increase hydration, neutralize free radical damage and boost collagen and elastin fibers. Also included is a relaxing massage applied to the hands, chest, neck, shoulders and a full facial massage. The facial is finished with a lip and eye treatment, moisturizer and sunscreen. **\$90**
